

Chapter 1132 Leave The Team

Idris' refusal to agree with Susannah shocked her since he had always listened to her regardless of whatever circumstances they were in.

But then, Susannah had to admit to herself that Idris' words were right. For a moment, she couldn't think of anything to refute Idris.

Meanwhile, Liam had no intention of staying with the team. In order to absorb the Universe Crystal Dew that he had obtained, he would need to look for a very quiet place.

Besides, he would also like to see what the light special power could do.

There was no way for him to achieve either goal while being part of the team. Therefore, he wanted to leave the team and chart his own path.

Most importantly, Liam knew very well that when Idris had killed the last shadow beast, he had had the intention to kill him.

Liam was well aware that contrary to what it might seem, Idris didn't want to kill him just because the Delgado brothers were advocating for it. It mostly had to do with the fact that Liam now possessed the Universe Crystal Dew.

Because of what the Delgado brothers had gone through, Idris wanted to kill him more.

Liam could try to fight Idris, but he knew the man would easily defeat him in his current state.

He needed to gather more valuable treasures and become stronger, things he wouldn't be able to achieve if he stayed with the team and followed them into the Shadow Palace since he wouldn't be able to get any valuable treasures for himself without absolute strength.

Liam had thought very carefully about what was the best thing for him to do, and it had become very clear to him that he had to leave the team of the Prescott family.

Clearing his throat, Liam looked at Susannah with a smile on his face and said, "Miss Prescott, it has been the honor of my life to be part of your team, and I'm immensely grateful to you for how kind you have been to me. But since the other members refuse to accept me, it'd be better for everyone if I just leave the team."

However, even after hearing Liam's words, Dobbs and Slater wouldn't allow Liam to walk away just like that. They fumed and yelled, "You bastard, you can't just leave with the Cyan Light Lamp Idris gave you! Do you think that we will forget about it and let you take it away just because you didn't mention it? Impossible! The Cyan Light Lamp belongs to the Prescott family, and you have no right whatsoever to take it away as a damn outsider!"

Furious, Susannah glared at Dobbs and Slater and clenched her fists. Irrespective of how good her manners were, she was quite mad at the Delgado brothers for stomping on Liam like that.

Gritting her teeth, Susannah exclaimed angrily, "So you guys are aware that the Cyan Light Lamp is the property of my family? Perhaps, both of you have forgotten that you are also outsiders! It's up to me, the daughter of the Prescott family, to decide whether he can take the Cyan

Light Lamp or not! So, both of you should shut up now!"

Seeing just how furious Susannah was, Dobbs and Slater cowered back in fear and sealed their mouth shut.

This scene caused Liam's chest to feel warm. He hadn't expected Susannah to rebuke the Delgado brothers on his behalf. With a soft smile on his face, he bowed for Susannah, then turned around and left.

Just now, all the shadow beasts around had been killed by the team.

Therefore, as he was leaving, Liam didn't have to worry about any shadow beast springing up on him. Before long, Liam had disappeared from the sight of the Prescott family's team.

The members of the Prescott family's team had bright smiles on their faces now. Some of them even whispered amongst themselves about how great it was that Liam was gone.

"At long last, that damn bane isn't with us anymore!"

Looking at the direction in which Liam had left with deep eyes, Idris couldn't help but grit his teeth.

In fact, he still felt regretful for not getting the remaining treasures in Liam's hands.

Idris muttered to himself, "You damn bastard, unless you want to find yourself dead, stay as far away from the Prescott family's team as you can. If we are ever to meet again, I would stop at nothing to take all those treasures you have!"
