### Chapter 2406

Although she didn't understand the Acala Mantra, she was familiar with the Golden Light Mantra of the Sacred Wyrms Summit.

A skill that is comparable to the Golden Light Mantra is enough to prove that it is not simple.

"If No. 19 has the Acala Mantra to protect him, then today's battle will be a success." Cassidy said it with great interest.

Sawyer's attack was very powerful, but Briggs's defense was equally strong.

One side was a spear, and the other side was a shield. Would the spear penetrate the shield? Or would the shield break the spear? It was worth looking forward to.

"Master Sawyer, what are you thinking? Am I qualified to see your true abilities now?"

On the stage, Briggs waved his folding fan lightly, smiling as always, still so elegant, handsome, and charming.

The young girls in the audience were fascinated by him.

"Did you just use the Acala Mantra?" Sawyer asked with a frown.

Unlike the previous contempt, his expression has become very serious at this moment.

"Master Sawyer, you have good eyes. It is the Acala Mantra." Briggs did not hide it, and he admitted it openly.

"I didn't expect you to be from Yam Palace." Sawyer looked him up and down and praised him: "You are so young that you can practice the Acala Mantra to perfection. I have to say that you are indeed a genius. It seems that I can't do anything to you if I don't show some real skills today."

The Acala Mantra is famous for its defense. When you perform the Acala Mantra, it feels as though the Acala has entered the world and remains unshaken. To break its defense, you must go all out.

"Master Sawyer, please!" Briggs smiled and stretched out his hand.

“Clang~!”

With a light sound, Sawyer finally pulled out the ring knife from his waist.

The ring knife was not long—only more than two feet—and the whole body was ice blue, with wave-like knife patterns on it.

Under the sun, the ring knife exuded a faint ice blue that looked very beautiful.

“This knife is called Zxie; it is two feet and three inches long and two inches wide. It is made of meteorite iron. It is indestructible and can cut iron like mud. It has been with me for thirteen years and has killed countless evil spirits!”

Sawyer held the ring knife horizontally in front of his eyes, stroking the blade with his fingers while making various introductions.

“Good knife!” Briggs looked at it carefully and couldn’t help but praise it.

Sawyer replied indifferently, “It’s a good knife, but I never use it easily, because once this knife is unsheathed, blood must be shed. Since you want me to be serious, you must be prepared to die under this knife. You and I have no grudges, and I don’t want to kill you, so I will give you one last chance. As long as you admit defeat immediately, you can still save your life. If you insist on doing it, you will bear the consequences.”

“Master Sawyer, I appreciate your kindness, but since I’m on stage, I have no intention of retreating. Please use your skills, and let’s leave our lives to fate.” Briggs didn’t change his face.

“What a wonderful life and death! Since you don’t listen to my advice, don’t blame me for being cruel.” Sawyer’s eyes turned cold, and he stopped talking nonsense. He suddenly shot out.

The evil-slaying knife in his hand slashed towards Briggs’s head at lightning speed.

Chapter 2407

Sawyer’s knife moved so quickly that it was only visible as a blue light. Unlike the previous Luohan and the Great Compassion Palm, this was pure physical strength, extremely fast, and explosive.

The knife tore the air in half wherever it passed, but there was no sound.

“What a fast knife!”

In the audience, Rivka's pupils shrank, and her face was horrified.

As the saying goes, an expert can tell the good from the bad with just one move. Although Sawyer only made a simple chop, he showed terrifying speed and strength.

At that moment, she grasped the terrifying aspect of the ascetic monk.

He not only cultivated profoundly, but also refined his physical body to an extreme degree. He was a rare warrior who cultivated both inside and outside.

This kind of person could completely fight across levels and challenge a martial arts master!

“Clang!”

Before everyone could react, Sawyer's swift knife had already chopped Briggs's body firmly.

However, when the evil-slaying knife fell, Briggs's body flashed with white light.

The Acala Mantra was once again activated!

Sawyer's knife finally only stirred up circles of ripples on the surface of Briggs's body, but it did not hurt him.

After the first knife proved ineffective, Sawyer immediately followed with another knife, slashing towards Briggs's chest.

This knife was fast and fierce, its power was amazing, and it was difficult to defend against.

“Buzz~!”

White light appeared on Briggs's body again, blocking Sawyer's second knife.

Sawyer seemed to have expected it, and he continued to attack with a blank expression.

The evil-slaying knife in his hand began to swing wildly, and blue lights flew in the air one after another, mixed with flickering white lights.

The Acala Mantra is famous for its defense. Once performed, it becomes impervious to swords, guns, water, and fire.

Sawyer naturally knew how powerful it was. It was obviously unlikely that the evil-slaying knife would break the Acala Mantra easily.

If the opponent's genuine energy ran out and they could no longer employ the Acala Mantra,

Therefore, his strategy was very simple: he would constantly consume Briggs through fast and fierce attacks.

Once the opponent's true energy was difficult to maintain, his opportunity came.

He had developed extreme physical strength as an ascetic monk.

He did not need to use true energy; he could exert terrifying lethality with speed and strength alone.

Therefore, he was successful at protracted battles.

Chapter 2408

After the general warriors had exhausted their true energy, their strength was only one tenth of that.

But he could become more and more courageous as the battle went on.

How about the Acala Mantra? As long as he attacked quickly and fiercely, he would break it sooner or later!

With this idea in mind, Sawyer launched a fierce attack.

He repeatedly swung knives at Briggs.

On the other hand, Briggs was always on passive defense, allowing Sawyer to perform.

At first, the audience could not see any clues and only thought that Sawyer was making useless attacks.

But gradually, many people noticed something was wrong.

The Acala Mantra is indeed powerful, and it can almost achieve absolute defense. But no matter how powerful the martial arts are, there will be shortcomings.

The Acala Mantra's biggest disadvantage is that it consumes too much true energy. If there is no deep cultivation to support it, it cannot be maintained for too long.

Despite being powerful, Briggs was still too young. If he continues to perform the Acala Mantra in this manner, he will exhaust himself in less time than an incense stick. By then, he will transform into a lamb ready for slaughter.

“Sister, why doesn’t Mr. Ethier fight back? Isn’t it a disadvantage to fight like this?” Halle stared at the ring, looking very puzzled.

“Sawyer’s sword is too fast, and his attacks are continuous without stopping. Mr. Ethier is casting the Acala Mantra. If Mr. Ethier offends and counterattacks, Sawyer will swiftly respond.” Rivka said it with a serious face.

Sullivan frowned and said, “Sawyer is too abnormal. He seems to have endless energy. Who can resist him? If Mr. Ethier continues to fight, once his true energy is exhausted and he can’t cast the Acala Mantra, he will be finished!”

“This is the terrifying thing about the ascetic monk.” Rivka sighed.

The ascetic monk had cultivated both internal and external skills. His cultivation was profound, but his physical strength was also incredible.

In terms of a protracted battle, they were no match for him.

On the other side, Noemi observed carefully for a moment and couldn’t help but say, “It seems that the handsome boy No. 19 is a bit overwhelmed! Although the Acala Mantra is very powerful, the ascetic monk is too fierce. The sword force is like a wave, one wave higher than the other, and judging from his appearance, he hasn’t used his full strength yet. He is really a monster!

Grace sighed. “The number of ascetics is extremely rare, and each of them is not an ordinary person. Fortunately, Sawyer has not yet reached Grandmaster, or it will be even scarier.”

Sawyer was now a half-step Grandmaster, but the strength he exerted was not weaker than that of a Grandmaster.

Even ordinary martial arts masters might not be able to beat Sawyer.

“According to what you said, isn’t the handsome boy No. 19 doomed to lose?” Cassidy was a little worried.

Dustin said lightly, “That may not be the case. Sawyer is indeed good, but Briggs is also not bad. The two have just warmed up. It is still unknown who will win.”

Chapter 2409

“Oh? Dr. Rhys is so confident? Could it be that Mr. Ethier has some tricks up his sleeve?” Noemi raised her eyebrows, looking a little curious. “

“The Yam Palace contains more than just the Acala Mantra. Given that Briggs risked all to participate, how could he not possess any Trump cards? I believe that with his strength, he will never stop here.” Dustin said calmly.

With his eyesight, he could naturally see that Briggs had not used his full strength from beginning to end.

Although the opponent seemed cynical on the surface, he was actually very capable.

It was not a problem to rush into Group A.

“Since Dr. Rhys is so optimistic, let’s wait and see what other surprises Mr. Ethier has?” Noemi smiled slightly and said no more.

She did not doubt Dustin’s judgment, but she was just curious: What kind of ability did Briggs have that was worthy of Dustin’s attention?

At this moment, on the ring.

Sawyer was still attacking fiercely, one knife after another, without any pause.

The Zxie Knife was waving wildly in his hand, drawing one blue arc after another.

These arcs were both graceful and deadly!

“Boy! Admit defeat! The Acala mantra can’t protect you for long. Once your true energy is exhausted, you will die.”

Seeing that he couldn’t take down Briggs after a long time, Sawyer began to attack his heart.

Although he was sure of victory, he didn’t want to waste too much physical strength and true energy on Briggs.

He still had a game to play afterward.

If he consumed much, it would undoubtedly significantly reduce his subsequent combat power.

“Master Sawyer, it’s not that easy to exhaust my true energy. You have to come up with some more powerful means. These attacks alone are far from enough.”

Briggs gently shook his folding fan with a smile on his lips, but he was not anxious or impatient.

He looked like an outsider.

Sawyer's voice gradually turned cold. "Boy! I'm giving you a chance; don't be ungrateful! You and I don't have a deep hatred; I don't want to commit more murders, so I have been merciful. If you insist on your own way, don't blame me for being ruthless."

"In the ring battle, fate determines the outcome. Master Sawyer, just show your skills; if I lose, just blame me for not being as skilled as others; you don't have to bear any burden." Briggs responded with a smile.

"Okay, okay! Since you are so shameless, I won't be polite."

Briggs's attitude successfully angered Sawyer.

He wanted to hide some killer moves to deal with the powerful enemies behind them.

It seemed that he had to use them in advance.

Otherwise, the Acala Mantra's consumption would only result in greater losses.

"Hiss!"

Suddenly, Sawyer stopped attacking and took a long, deep breath.

In an instant, the blue light of the evil-slaying sword in his hand became stronger and particularly harsh.

A terrifying pressure burst out of Sawyer's body.

Chapter 2410

"Boom!"

There seemed to be thunder in the sky.

The next second, the wind blew violently all around, and a cold chill instantly enveloped the whole venue.

The audience shuddered unconsciously and tightened their clothes subconsciously, as if they had suddenly been in a world of ice and snow from a sunny day.

“What’s going on? Why is it freezing all of a sudden?”

“There’s something wrong with that sword. The cold air on it is too amazing!”

“Looking at this posture, Master Sawyer should be making a killer move!”

“...”

Everyone in the audience was discussing the sudden change.

Unlike the ferocity of the previous quick attack, Sawyer was a dormant tiger at this moment, and he could deliver a fatal blow at any time.

“Plum blossoms and snow meet in summer!”

After a brief build-up of energy, Sawyer suddenly shouted, and the evil-slaying sword in his hand suddenly chopped down at Briggs’s head from top to bottom.

At the same time, a strange scene happened.

The sword suddenly transformed from a cold blue light into a hot red one.

The temperature was also rising rapidly.

Everyone felt that there was still ice and snow in the last second, shivering with cold; the next second, it became a scorching sun, sweating profusely.

The transition from extreme cold to extreme heat occurred so quickly that many people experienced accelerated heartbeats, nausea, and vomiting.

“Buzz~!”

The evil-slaying sword made a light sound, and the violent energy shook the air and distorted the earth.

“What a plum blossom and snow meet in summer!”

Looking at Sawyer’s sudden change in the sword’s momentum, Briggs’s eyes lit up, and he finally became interested.

At this moment, he made a move that surprised everyone.

He immediately revoked the Acala Mantra, surrendered his own defense, and used the folding fan as a sword, swiftly stabbing at Sawyer’s evil-slaying blade.

“Humph! You don’t know whether to live or die!”

Sawyer snorted coldly, and the sword's force suddenly increased, slashing down fiercely with more terrifying lethality. In his opinion, Briggs's behavior was undoubtedly seeking death.

With full Acala Mantra power, the opponent's sword may not break the defense.

But he didn't expect that Briggs would actually give up defense and turn to offense.

This was simply a moth flying into a flame, courting his own destruction!
