Chapter 2417

Sawyer did not hesitate to sacrifice his life to forcibly improve his cultivation so that he could reach the realm of a martial arts master in a short period of time.

With the power of a master, he used his strongest trick, "Carrying the Mountain to Build a Building," and the lethality of this knife reached an unprecedented level.

It was also the strongest knife he had used so far.

He was confident that even if Briggs was really a martial arts master, he would not be able to block this knife safely.

"Boom!"

The sharp blue knife light, swept with the sound of wind and thunder, pressed towards Briggs.

Wherever the knife light passed, the wind and clouds changed color, and lightning and thunder roared, as if it could destroy the world.

Facing this powerful knife, Briggs remained calm.

The folding fan in his hand suddenly unfolded, and he gently waved it at the blue knife light.

"Hu~!"

When the folding fan was dancing, a small, weak breeze suddenly rose into the air, like a mantis trying to stop a car, and hit the blue blade head-on.

Sawyer's blade was sharp and powerful, and its destructive power was truly amazing.

On the other hand, the breeze slashed by Briggs was not special at all, and it even looked weak and powerless.

The comparison between the two was akin to comparing a tsunami and waves, as they were not on the same level.

Just when everyone in the audience believed Sawyer was going to kill Briggs,

A shocking scene happened.

Briggs slashed the breeze with Sawyer's blade light, and the impact instantly shattered it, like tofu hitting a stone.

There was no sign, no obstacle, and even no fierce collision sound.

Briggs simply waved the fan, easily defeating Sawyer's strongest attack that nearly took his life.

With the fragments of the blade light, dots of blue light, like drizzle, floated down from the sky with a bit of enchanting beauty.

Sawyer was stunned when he saw this scene.

His eyes widened with disbelief.

The audiences were also stunned, dumbfounded, and unable to understand. They all clearly saw the attack Sawyer had just launched. It had the might of a martial arts master.

It was enough for the players in Group B to stand out from the crowd.
